

## CiCC Ambassadors attend the Frontline Celebration Event at the House of Lords.

Natasha, Emily and Mahdere (pictured right) were special guests at the event which was organised to celebrate 5 years of Frontline social work training. The event was held in London at the House of Lords.

Natasha said ‘We were given badges that allowed us into the House of Lords, where we had photos taken and listened to the founder of Frontline give a speech and other professionals and people impacted by Frontline. We had some amazing food with an amazing view and met some amazing people.’

Our CiCC is very proud to be part of Frontline and we are the only CiCC involved in delivering training to the Participants. We design the training ourselves and enjoy being able to share information about our CiCC.

We attend the University of Warwickshire to deliver the training to over 350 participants during the summer holidays. If you are interested in attending this please email [Marie.short@centralbedfordshire.gov.uk](mailto:Marie.short@centralbedfordshire.gov.uk)
